

# Find Inductor Solutions *Faster*

## Cooper Bussmann® Coiltronics® Services Can Save You Time with Accurate and Helpful Answers to Your Magnetics Sourcing and Design Needs

### Find Your Inductor -

[InductorFinder@CooperIndustries.com](mailto:InductorFinder@CooperIndustries.com)

Only timely and accurate information can help manage the changing needs of your customers. The Cooper Bussmann® *InductorFinder* puts you only a click away from all of the inventory information you need:

- Detailed worldwide inventory for any of our inductor or transformer solutions.
- Availability of alternatives to other inductor brands so you can quickly resolve shortages or accelerate your deliveries to meet your customers' expectations.
- Inventory and contact information for our distribution and trading partners.

### Find Your Solution -

[InductorTech@CooperIndustries.com](mailto:InductorTech@CooperIndustries.com)

Selecting the correct inductor solution will not only save you time, but it will give you a competitive edge. At Cooper Bussmann, we are committed to helping you find the most efficient alternative for your power design. Our inductor and power supply design experts can help you make that selection.

Please forward us:

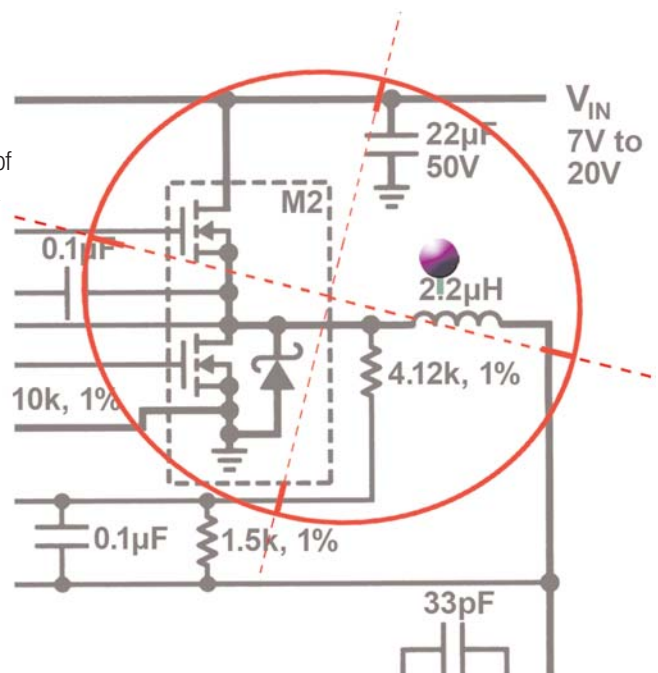

- A brief description of your particular application's requirements.
- Details of an existing solution that you'd like to replace, enhance or find an alternative.
- Inquiries for feasibility to tailor a power transformer or inductor to your specific application.

We can also help you with any additional technical information you might need relating to any of our magnetics products.

### Ask Us Today

The advice is no cost – so e-mail us today.

## More than Magnetic Components, Coiltronics Supplies Solutions

### Environmental

Our magnetics products are designed and manufactured to meet the increasingly stringent need for environmental compliance. We are committed to providing only RoHS compliant components and phasing out the use of lead and halogens by the end of 2009, with many parts already meeting all three of these issues.

### Inductor and Transformer Products

Coiltronics offers a wide array of magnetic products to meet the need of many power management requirements including:

- SMD Shielded Power Inductors
- High Current Inductors
- Core Power Inductors for Computers
- Common Mode and Current Sensor
- Pin Configurable Transformers
- Customer Specified Solutions
- Toroid
- Power-over-Ethernet

## Circuit Protection Products from Cooper Bussmann

### Over 90 Years Experience

Cooper Bussmann provides leading solutions to overcurrent protection needs. Whether protecting from overloads or short-circuits, we have the fuse ratings and packages to meet many design needs with the requisite Agency approvals.

### Overcurrent Protection Products (Fuses)

- SMD Fuses
- ¼" Ferrule Fuses
- 5 x 15mm Ferrule Fuses
- 5mm Ferrule Fuse & Radial Fuse Accessories
- Radial & Axial Leaded Fuses
- 5 x 20mm Ferrule Fuses
- ¼" Ferrule Fuse Accessories

### Overvoltage Protection Products (ESD Suppressors)

The Cooper Bussmann® line of PolySurg® ESD suppressors can protect data signal lines from data distortion and losses caused by electrostatic discharge (ESD).

### Contact Us

Cooper Bussmann  
114 Old State Road  
Ellisville, MO 63121

Contact Application Engineering Monday-Friday, 8:00 a.m. to 5:00 p.m. Central Time

Technical assistance is available from degreed engineers for your fuse and ESD suppression questions
